Study in BIT

# I. ABOUT BIT

Founded in 1940, Beijing Institute of Technology (BIT) is one of China's national key universities. It was among the first universities selected for Project 211 and Project 985 and was also included in China's Double First-Class Initiative. BIT has made talent development its fundamental mission and scientific and technological innovation a key driver of its development. It has established a multidisciplinary academic structure centred on science and engineering, with complementary strengths in management and the humanities. BIT ranks 101st in the 2026 Academic Ranking of World Universities (ARWU), 152nd in the 2026 - 2027 U.S. News Best Global Universities Rankings, 234th in the 2027 Times Higher Education World University Rankings, and 243rd in the 2027 QS World University Rankings. It also ranked ninth among universities in the Chinese mainland in the 2022 QS Graduate Employability Rankings. BIT successfully completed the Quality Accreditation for Higher Education of International Students in China, becoming the first university in the country to receive an A+ rating.

Established in 2001, Beijing Institute of Technology, Zhuhai (BITZH) is located in the Golden Inner Bay of the Greater Bay Area and the core innovation corridor of Zhuhai National Hi-Tech Industrial Development Zone. It is close to Guangzhou and Shenzhen and offers convenient access to Hong Kong and Macao. BITZH continues to enhance its international student education system and provides a learning environment that integrates academic study, cross-cultural exchange, innovation and practical learning. BIT currently has more than 5,000 international students from 148 countries across its Beijing and Zhuhai campuses, forming an open, diverse and dynamic international academic community.
